## 1. **About Quality and Accreditation Institute (QAI)**

Quality and Accreditation Institute is a private limited company incorporated by Registrar of Companies under the Companies Act 1956. QAI was set up to create an ecosystem of education, training, quality improvement and accreditation/ certification. It is believed that this organisation would provide a platform to stakeholders including professionals and organisations, associated with quality in any way, to share their wisdom and knowledge in order to make its Vision realised. This will further provide tremendous opportunities to all concerned to learn and contribute in improving organisations engaged with QAI. Different activities would be initiated under different verticals in a manner that they remain independent of each other. QAI aims to operate globally. One of the vertical set up within QAI is the Centre for Accreditation of Health and Social Care (CAHSC). It is responsible to run various accreditation/ certification activities in health and social care.

QAI endeavours to operate various accreditation programmes in the space of health and social care. We are aiming to provide value addition to such organisations through a unique process of self-assessment and peer review. We would assist organisations in moving forward on a self-regulated improvement journey.

### **Vision**

Nurturing the largest global pool of organisations and people through quality and accreditation framework.

### **Mission**

To conceive and deliver education, training, accreditation and related programs in partnership with stakeholders using an approach of co-design and co-creation.

### **Values**

**Listener:** Seek continuous feedback from stakeholders to address their concerns

**Competitive:** Look for viable options to benefit users of our services

**Transparency:** Clearly defined policies made available in public domain

**Innovation:** Continuously evolve using co-design and co-creation

### **Membership**

QAI became the institutional member of the International Society for Quality in Health Care (ISQua) ([www.isqua.org](http://www.isqua.org)).

QAI became the institutional member of the International Society for Telemedicine and eHealth (ISfTeH) ([www.isfteh.org](http://www.isfteh.org)).

## 2. **Benefits of Accreditation**

- Accreditation process stimulates continual improvement in the facility.
- Ensuring continuous assistance to patients.
- Provides an objective system of evaluation and empanelment by third parties.
- Provides opportunity for benchmarking
- Displaying a mark of excellence which makes it easy for patient to identify the ACF that offer quality processes hence ensuring privacy, confidentiality and uniform care as per best evidence practices
- Demonstrate transparency in its operations.
- Exhibit that it functions in ethical manner.

## 3. **QAI Centre for Accreditation of Health and Social Care (CAHSC)**

It is set up to operate accreditation/ certification programmes in health and social care sector. Primarily, it is targeted to launch those programmes which do not exist in India and there is a need felt by stakeholders to start such programmes. Currently, following accreditation/ certification/ recognition programmes have been developed: -

- Assisted Reproductive Technology (ART) including IVF Centres Accreditation Programme
- Home Health Care Accreditation Programme
- Dialysis Centres Accreditation Programme
- Green Health Care Facility Accreditation Programme
- Healthcare Facility Certification Programme
- WHO Patient Safety Friendly Hospital Standards Certification Programme
- Primary Care Clinic Accreditation Programme
- Ambulatory Care Facility Accreditation Programme
- Recognition Programme for Telemedicine Practitioners
- Accreditation Programme for Telehealth
- Accreditation Programme for Hotels and Home Stays
- Accreditation Programme for Emergency Department

Following standards have achieved ISQua accreditation, making QAI the first and only accreditation body in India to get such recognition.

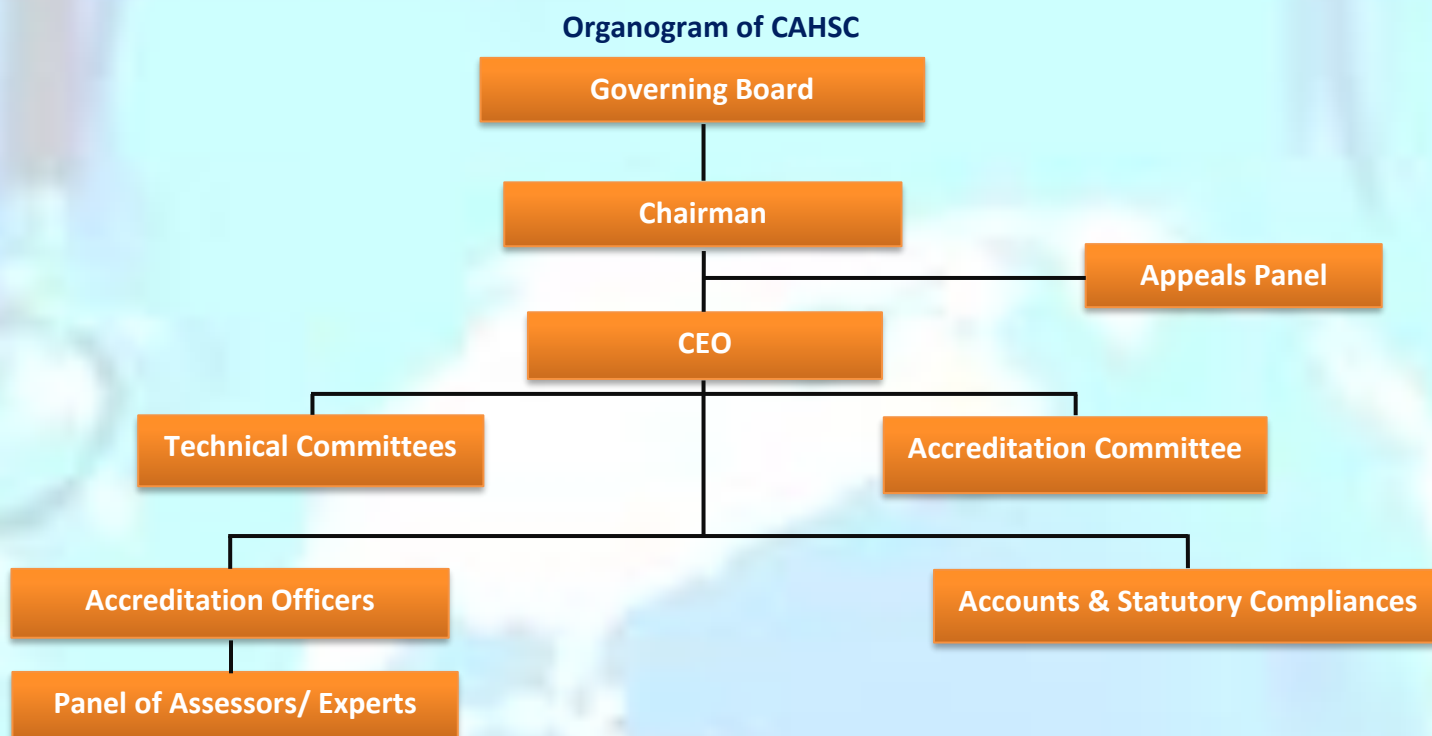

#### 4. Organisation Structure

The organisation structure of QAI's Centre for Accreditation of Health and Social Care has been designed to meet the requirements of an effective and efficient accreditation system. The Centre is governed by a Board. The Board frames and approve policies and provide direction. CEO is the Member Secretary of the Board.

CAHSC operates its accreditation process through a structured framework of competent staff, pool of empanelled Lead Assessors and Assessors covering specified expertise, technical committees and accreditation committee. Membership of various committees is drawn from reputed organisations, experts in the field, experienced assessors, academic institutions, important professional bodies, regulatory agencies/ bodies etc.

#### 5. Special Features of Accreditation

- Comprehensive Assessment Management System to allow quick turnaround time for the accreditation/ certification process as each step is linked to a defined period.
- Endorsement of a documented quality and improvement program as per the intent of the standard.
- No pre-assessment to reduce turn-around time, making it more cost effective and efficient.
- Based on comprehensive self-assessment and document review process providing opportunity to HCFs for a thorough review of their documentation and implementation of requirements of standards.
- Rigorous Assessor Management System including a transparent monitoring and evaluation mechanism.
- Hear the voice of all keeping 'Client First'
- Harmonising local, national, regional and global framework
- Health care facility in SAARC nations enjoy same fee structure as for health care facilities in India
- Blend of global strategy, experience and leadership
- Economic yet global model

**7. Eligibility and Preparation for Accreditation**

**7.1 Eligibility for Accreditation**

The applicant HCF must check whether they are eligible to apply. This can be done by looking at their scope of services and the accreditation standards available. The applicant is advised to implement standards for at least two months before applying for Accreditation.

**7.2 Preparing for Accreditation**

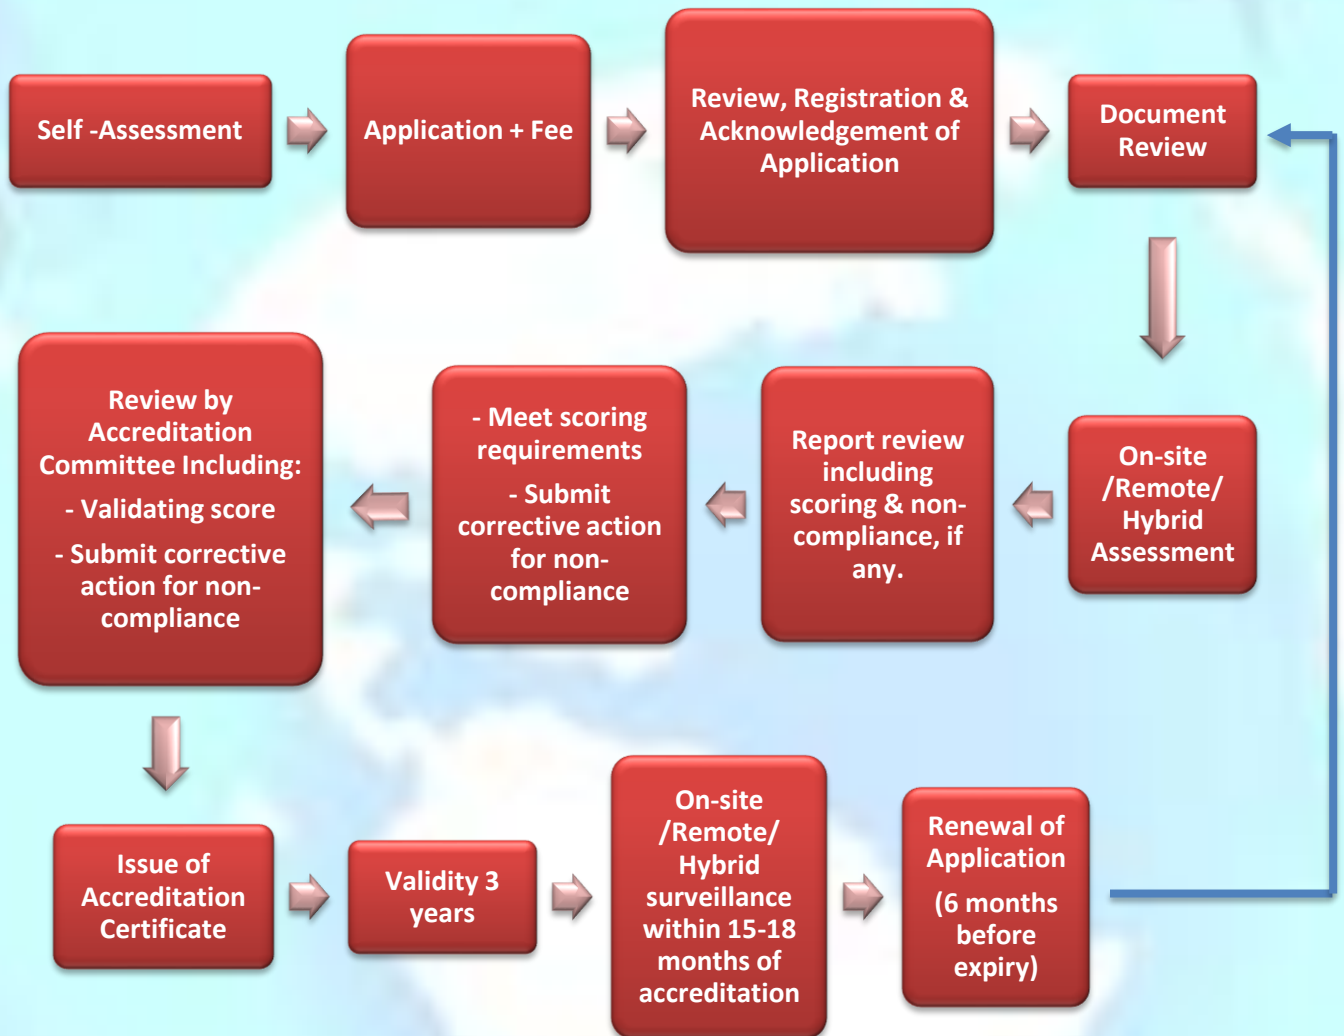

Management of the HCF shall first decide about getting Accreditation from QAI. It is important for the HCF to make a definite plan of action for obtaining accreditation and nominate a person to co-ordinate all activities related to seeking accreditation. The nominated official should be familiar with existing policies, procedures and documents of the HCF.

**HCF must procure a copy of the relevant QAI Accreditation standards. A self-assessment tool kit shall also be provided to HCFs requesting a copy of Accreditation standards.** The HCF seeking Accreditation shall understand the QAI assessment process. The HCF shall ensure that all the requirements of the standard are implemented. The HCF may get its personnel trained in understanding and implementation of Accreditation standards. Such training programs are conducted by QAI from time to time.

## 8. Accreditation Process

Conceptualised an Accreditation process which is simple and efficient as shown below:

### 8.1 Self-Assessment

HCF first carry out self-assessment using self-assessment tool which is based on the requirements of the accreditation standards. It gives an opportunity to the HCF to examine all its documentation and their implementation. It will also give a comprehensive view of its documentation to the Assessment Team. A self-assessment tool can be requested from the Secretariat.

## **8.2 Application**

Applicant HCF is requested to submit the following:

- Soft copy of completed application form (available on website)
- Soft copy of Self-assessment tool along with referenced documents
- Prescribed application fees
- Soft copy of signed QAI CAHSC 003 'Terms and Conditions for Obtaining and Maintaining Accreditation/Certification'

## **8.3 Review, Registration and Acknowledgement of Application**

CAHSC Secretariat on receipt of application form, self-assessment tool, referenced documents and the fees reviews the application for its completeness, and a unique ID number is allocated which is used for correspondence with the HCF. Secretariat may ask for additional information/clarification(s) at this stage, if found necessary.

## **8.4 Document Review**

Secretariat appoints an assessment team and share application form, self-assessment tool and any other relevant document provided by the Facility. CAHSC seeks facility's acceptance for the proposed assessment team. The facility can refuse any member of the proposed assessment team by giving specific reason(s) for their non-acceptance. Once the team and dates are finalised, lead assessor takes over to initiate the further process. The assessment team carry out document review by going through the application form, self-assessment tool and referenced documents, and provide feedback to the Secretariat. This feedback is shared with the facility for taking action.

## **8.5 Assessment**

Appointed assessment team conducts the assessment (remote/ hybrid/ on-site). CAHSC may also nominate an observer which is either an assessor-in-training or a Secretariat staff. The assessment team keeps the secretariat in loop for any communication with the facility. During assessment, the assessment team validate the scoring of self-assessment by reviewing documents, records, observation, interaction with staff and patients. The assessment report containing the findings of the assessment is prepared by the team. The non-compliances (a criterion receiving a score of 0 & 5), if identified are reported in the assessment report. The report is endorsed by the authorised signatory of the facility. The report prepared by the assessment team is sent to CAHSC Secretariat. A copy of summary of assessment report and non-compliances, if any, are provided to the facility at the end of the assessment.

## **8.6 Review of Assessment Report and Decision Making**

The assessment report is reviewed by the Secretariat for its completeness, scoring and non-compliances, if any. If the HCF meets the scoring for accreditation, however there are non-compliances, the HCF is asked to submit corrective actions against those non-compliances. The HCF shall get a time period of 90 days to submit all the corrective actions to QAI Secretariat. The corrective actions shall be reviewed by the respective Lead assessor/ assessor for the acceptance. Once corrective actions are received, the report along with all documents is placed before the accreditation committee for its review and recommendation. All decisions taken by CAHSC regarding grant of accreditation are open to appeal by the HCF as per laid down appeal process.

## 8.7 Issue of Accreditation Certificate

If the recommendation of the accreditation committee results in the grant of accreditation, QAI-Secretariat processes for approval and issue of the accreditation certificate. Certificate has a unique number, name of accreditation standard, and period of accreditation i.e. dates of validity. The accreditation certificate is valid for three years. The certificate is issued under the signatures of the CEO and the Chair, CAHSC.

### Accreditation Mark

Accredited ACF is authorised to use following accreditation mark subject to requirements specified in QAI CAHSC 019-Policy and guidelines for use of QAI accreditation/ certification mark.

## 8.8 Maintaining Accreditation

### Conformance to applicable standards and other requirements

The accredited HCF at all times shall conform to the requirements of the standards as well as any other laid down requirements.

### Terms and Conditions

The accredited HCF is required to comply at all times with the terms and conditions given in CAHSC 003 'Terms & Conditions for Obtaining and Maintaining Accreditation/ Certification'. The HCF is required to submit a signed soft copy of the same before issue of the accreditation certificate.

### Adverse decision against the healthcare HCF

If the HCF at any point of time does not conform to the applicable standards and/ or does not maintain the terms and conditions; or is not able to align itself to the modified criteria, CAHSC may take adverse decision against the HCF like abeyance, denial of accreditation, suspension or forced withdrawal as per laid down policy.

## 8.9 Surveillance

The accreditation certificate is valid for a period of three years. CAHSC shall conduct surveillance (Remote/ Hybrid/ On-site/ Desktop) within 15-18 months of accreditation. It is aimed at evaluating continued compliance with the applicable standards and other requirements stipulated from time to time.

### 8.10 Reassessment

The accredited HCF is subjected to re-assessment every 3 years for renewal of accreditation. The HCF has to apply six months before the expiry of accreditation in order to complete all formalities for renewal of accreditation before the expiry of the current accreditation so that continuity of the accreditation is maintained. The renewal application is submitted in the prescribed form along with required documents as mentioned in the application form. Rest of the process is same as for initial assessment.

## 9. Assessment Criteria and Fee Structure

A uniform fee structure is maintained for all HCFs and the charges are maintained at a reasonable level so that HCFs are not denied participation in the Accreditation Process because of unreasonable financial conditions. The fee structure is kept simple and economical to facilitate maximum number of participations, less invoices and bank transactions. The information about the fee structure is given below:

### Fee structure for Imaging Facility (according to practice category) operating within India

Practice Category (based on no. of modalities present)	Assessment Criteria		Accreditation Fee
